(In the space provided below, please explain in detail the reasons for the delay in filing a proper reply)

I, Judith A. White, am the legal assistant to Neil E. Hamilton who is the attorney of record in the above-identified patent application. On May 24, 2005 I reviewed the above-identified application and noted that an Official Action had not yet been received in said application. I then checked the USPTO Official Gazette Notice dated 24 May 2005 and noted that for Group 3750 "the average filing date of applications receiving a first office action in the last three months was 01/02/04". I then re-set a file status check for six months from May 24, 2005, namely to review the application again on November 24, 2005 if no correspondence was received from the USPTO in the mean time.

On October 19, 2005 I was working ahead and advance reviewing the docket entries for Neil E. Hamilton. Docket No. CM-115B-US was listed for an Application Status Check on November 24, 2005. I accessed private PAIR, and noted that according to USPTO records, a Notice of Allowance was listed as being mailed on June 14, 2005. I immediately reviewed the file contents and docket records, and noted that there was no record of the Notice of Allowance having been received. I then placed a call to Examiner Davis H. Hwu (at 3:17 pm CDT) to request verification that the Notice of Allowance had in fact been mailed.

Attached hereto is a copy of the complete CPI Docketing Record for U.S. Serial No. 10/758,884. Had the Notice of Allowance been received, the "Application Sta[tus] Follow Up Date" of 24-Nov-2005 would have been marked "action taken" on the day of receipt, and an entry for "US-Allowance Issue Fee Due" would have been entered indicating not only the deadline, but one month and two month reminders would have also been automatically generated from the PTO mailing date.

On October 20, 2005 at 7:45 am (CDT) Examiner Hwu returned my call and verified that according to USPTO records, the Notice of Allowance was listed as having been mailed and provided a copy of the Notice of Allowance and Notice of Allowability to my attention via facsimile. Upon receipt of these documents, this Petition, along with the Issue Fee Transmittal were prepared and are submitted herewith. The USPTO facsimile transmittal date and time stamp are noted on the top of the Fee Transmittal sheet.

Therefore, applicant of the subject patent application has quickly sought revival upon discovery of non-receipt/non-payment of the Notice of Allowance.

**Response Due: Dec. 27, 2005**

ON PETITION + 1mo rmr  
+ 1,2,3+4 mo ext rmr

This is a decision on the petition to revive an application abandoned unavoidably under 37 CFR § 137(a), filed October 20, 2005.

The Petition under 37 CFR 1.137(a) is hereby dismissed.

Any further petition to revive the above-identified application must be submitted within TWO (2) MONTHS from the mail date of this decision. Extensions of time under 37 CFR 1.136(a) are permitted. The reconsideration request should include a cover letter entitled "Renewed Petition under 37 CFR 1.137." This is not final agency action within the meaning of 5 U.S.C. § 704.

The above-identified application became abandoned for failure to timely and properly reply to the Notice of Allowance and Issue Fee Due ("Notice"), mailed June 14, 2005. The Notice set a non-extendable three (3) month period for reply. No response having been received, the application became abandoned on September 15, 2005. The mailing of this Decision precedes the mailing of a Notice of Abandonment.

Applicant files the instant petition wherein Applicant avers that the Notice was not received.

Applicant is advised that an allegation that an Office action was not received may form the basis for revival of an application based upon unavoidable abandonment. If the allegation is adequately supported, the petition may be granted and a new Office action mailed. The showing required to establish non-receipt of an Office communication must include:

Application No. 10. /13,987

Page 2

1. A statement from the Applicant stating that the Office communication was not received by the Applicant and attesting to the fact that a search of the file jacket and docket records indicate that the Office communication was not received.

2. A copy of the file jacket or docket record where the non-received Office communication would have been entered had it been received and docketed must be attached to and referenced in Applicant's statement.

Accordingly, Applicant's assertion, that the Office action was not received, is insufficient to justify granting of the petition. Applicant must also provide a copy of the docket record (or file jacket) where the non-received Office action would have been entered had it been received and docketed.

Applicant should file a Request for Reconsideration of Petition and include the necessary copies of documents.

I, Judith A. White, am the legal assistant to Neil E. Hamilton who is the attorney of record in the above-identified patent application. On May 24, 2005 I reviewed the above-identified application and noted that an Official Action had not yet been received in said application. Upon receipt of these documents, this Petition, along with the Issue Fee Transmittal were prepared and are submitted herewith.

Therefore, applicant of the subject patent application has quickly sought revival upon discovery of non-receipt/non-payment of the Notice of Allowance.
